

TRICO® Premium

HYBRID BLADE REFILLS

TRICO®

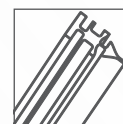

TRICO® 8.5mm Premium Hybrid Blade Refills include UV & ozone resistant 100% natural rubber for quiet operation and a smooth clear wipe in the harshest of conditions. Fast to install, uses existing support rails, simply trim the refill to the required length.

TRICO® 10mm Premium Hybrid Blade Refills are designed exclusively as an OE wiper refill replacement for late model Japanese vehicles fitted with 10mm refillable “mid lock” Hybrid Blades. They are wiper blade length specific and cannot be cut to length. Original support rails need to be retained.

HYBRID BLADE REFILLS

- 100% natural rubber
- UV Stabilised for longer life
- Precision molded rubber process
- Requires existing support rails (TRT/TRJ)
- Trim to length (TRJ only)
- Tested to OE specification

TYPE

HYBRID REFILL

PART NO.	SIZE	PACK
