

# TRICO® Exact Fit®

## REAR BLADE

### We've got you covered from front to back

With the TRICO® Exact Fit® Rear blade program, you can offer your customers 360 degrees of driving visibility with both front and rear wiper blades. Original factory quality provides the same look and performance as when the vehicle was new.

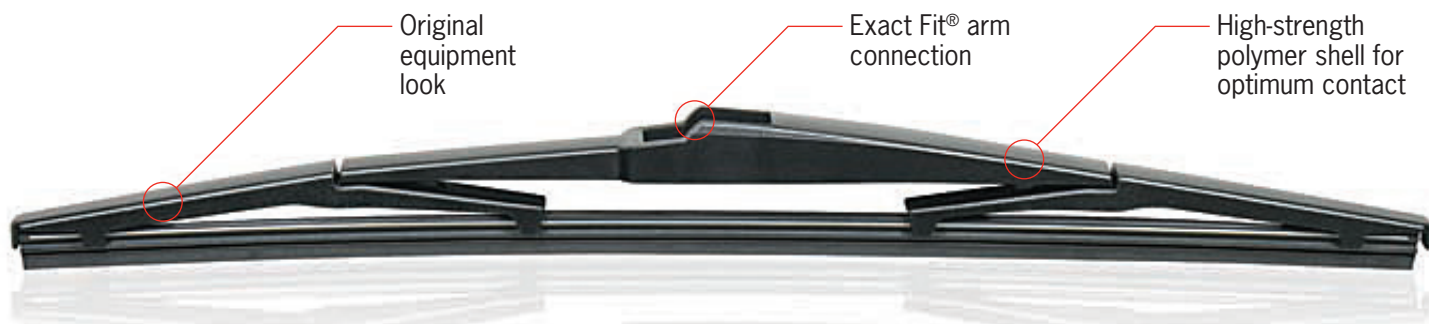

Over 26% of all passenger vehicles in Australia have rear wiper blades, meaning millions of drivers need them replaced. Choose the rear blade that protects your customers and grows your profits.

TRICO® Exact Fit® Rear wiper blades:

- Provides original factory quality
- Offers the same look and performance as the original blade
- Provides the best fit and critical rear visibility
- Offers coverage for the rear integral wiper blade on more than 96% of vehicles in Australia
- 21 unique rear integral wipers in the Exact Fit® Range

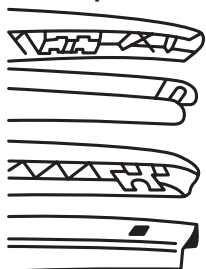

## REAR BLADE
